## Fight, Fight, Fight Says Fred La Lone

Dear Editor:

Upon reading the January 20 issue of the Sierra Madre News, concerning the Search and Rescue Team's fight on the Little Santa Anita destruction project by the Flood Control Engineers, my temperature rose to a danger point.

I was one who fought the project that literally destroyed the Big Santa Anita recreation area.

May I suggest that a citizens' meeting be held in the school auditorium and invite the Los Angeles Board of Supervisors to be present and stop this wanton destruction. Fortunately, I live in an area where even the removal of a pine cone from the valley floor is considered a misdemeanor.

To construct these "ugly dams" roads must be built for such a project. You have but to see the "Burma Road" in the Big Santa Anita to see the destruction through erosion, caused by heavy equipment machinery. Cascade and upper falls camp grounds are under tons of rocks from one of these so called glory roads.

Don't let them do this to you.

The Little Santa Anita Dam will never handle the debris that such a project will cause, then equipment erosion.

The road would have to be built west of Baldwin Avenue, thus affecting areas belows Carter Canyon, Auburn Reservation Area and even Laurel Canyon.

This project will not only destroy the beauty of Little Santa Anita Canyon but will in a short time bring tons of destruction to the residents of Sierra Madre.

To Bill Wark and the Sierra Madre Search and Rescue Team, God bless you and FIGHT, FIGHT, FIGHT.

If you need me, call me and I'll fight along with you.

Your friend,

FRED LA LONE

## Sierra Club Joins With Search and Rescue Team

Ever since the story came out expressing the views of the Search and Rescue men on the bleak outlook facing the Sierra Madre and Little Santa Anita Canyons, our quiet little city just doesn't seem to be quite the same anymore.

Never have we witnessed such strong feelings or so many people aroused as they come out to fight for their beautiful land. We feel the city officials failed to realize the true depth of feeling which the people of Sierra Madre hold for their natural mountain play-ground, the Little Santa Anita Canyon and the Old Mt. Wilson Trail, that leads gracefully into it. Much of our support is coming from the old timers who came to Sierra Madre in the early days to settle in this mountain haven. And I ever remember one of our finest citizens, who was buried in

our little country cemetery with the sprig of a Big Cone Spruce from the Little Santa Anita Canyon. He loved the area so.

The interest in the twin bills of destruction has now spread beyond our boundaries and the efforts to save the canyons now looms as one of the fiercest battles ever to be fought on the Sierra Madre scene.

# Harry L. Embree Post 3208 Celebrates 30 Years of Service

THE HOME OF HARRY L. EMBREE POST NO. 3208 which was completed and dedicated on Pearl Harbor Day, December 7, 1954. The building has a complete meeting room in the rear, sometimes rented for other special occasions. In the forepart of the building a recreation room containing a pool table is maintained, and a bar for eating and beverages, with floor space for dancing if desired.

## New Building Discussed By Parks Comm.

The Sierra Madre Parks and Recreation Commission met for their regular monthly meeting Thursday, January 27, and of much interest on their agenda was the preliminary plans presented by Director Dick Dodge for a recreation building in Sierra Vista Park with the cost approximately at \$42,000.

This new building is designed to replace the existing youth hut, and is tentatively planned to be built onto the existing swimming pool facilities. A long discussion followed the presentation, and costs of remodeling the youth hut will be presented at a later meeting.

Other items of business taken up was the agreement of the Commissioners to co-sponsor the swim-meet at the community pool in July or August, and an award was presented to former Commissioner Al Foxton honoring his term of service with the Parks and Recreation, Mr. Foxton resigned his position due to illness during his second term.

## Shakespeare Jr. In Winner's Circle

The winner's circle at Santa Anita will have a special significance for some 90 Shakespeare Juniors on Wednesday, Feb. 9. On that day the eighth race will be named in honor of the club, and President Mrs. Bruce A. Macfarlane will be in the winner's circle to present the honors to the winning horse and jockey.

Mrs. Donald L. Smelser, luncheons chairman, is in charge of the event to be held on the Club House Luncheon Terrace.

Early reservations have been made by Mrs. Arthur Doty, Richard R. Joy, Harold Ballmann, Kenneth Griffin, Howard Shanks, Curtis Wyatt and Robert Kegel.

When Arthur H. Embree retired in 1955 as assistant postmaster for Sierra Madre after 30 years of service on his postal job, he left behind a living memorial to his family name, as well as a family member still active in city service, son Bert Embree, city fire marshal, and a brother, Hiram "Hi," who is a retired police sergeant.

For Arthur Embree is responsible for the founding of Post No. 3208 of the Veterans of Foreign Wars, now named the Harry L. Embree Post in memorial to his son, who was missing in action in World War II.

Arthur Embree had belonged to the National Guard in his early days in Iowa, and then to the VFW there. He began work in Sierra Madre in 1925, moved here in '26, joined the American Legion, and began to think it would be a good thing if Sierra Madre had a VFW post. He interested Dr. Charles L. F. Herbert, a local osteopath, in joining forces towards this goal, and with the help of several others, among them Guy Scott, Harry Holland, Oran Shearer, the Sierra Madre Post was established in February, 1935.

The post began the custom of yearly parade on Memorial Day from Memorial Park to the cemetery. In the early days children took part in the parade, and afterwards had a small town kind of celebration complete with ice cream and music.

Post members first met in the Park House, then moved their meetings to the "dug-out" — the basement of the Fire House. Later they built a place of their own on Sierra Madre Blvd., which eventually was sold to Sam Simpson, whose dry cleaning establishment is still housed there, and the post moved to the old adobe house on Montecito, and then to their own clubhouse at 40 E. Montecito, its current home.

At first funds for expenses were raised by annual VFW annual shows, held in the Sierra Madre School auditorium. These gained a reputation nostalgically remembered, for due to the efforts of Pat West, a former vaudevillian tumbler and acrobat.

## Postmaster Rossi Receives Commission Certificate

Postmaster Guy Rossi was presented with his permanent commission this week in a brief ceremony at the Sierra Madre Post Office. The presentation was made by Mr. Walter Spolar, who is an assistant to the Postmaster General of the United States. Mr. Rossi had received word several months ago that his appointment to the position of Postmaster had been made permanent; however, due to the press of the holiday mail, it was not possible to be presented with the certificate until the present time.

Mr. Rossi was elevated to the position of Acting Postmaster on July 31, 1965, at the retirement of Charles E. Louk. The promotion was then placed on a permanent basis effective on October 23, 1965.

Postmaster Rossi is a career employee whose postal service began at the Canton, Ohio, Post Office in 1939. In 1941 his postal service was interrupted for a period of almost five years to serve his country in the Armed Forces, including a period of nine months of overseas duty in the Pacific theater.

Upon his return to civilian life in 1945, he resumed his postal career at the Sierra Madre Post Office as a letter carrier and later transferred to become a clerk in 1948. He served in the capacity of a clerk until his appointment to the position of Assistant Postmaster in 1955.

Here's one that will give you a chuckle . . . just imagine that it happened to you . . . A local Sierra Madre man was more than a little annoyed the other morning when a neighbor telephoned him at 3 a.m. and complained, "Your dog is barking so loudly that I can't sleep."

And the neighbor hung up before the Sierra Madread would offer any protest . . . The following morning at exactly 3 a.m., the Sierra Madread called his neighbor to report . . . "I don't have a dog." . . . Now what do you think of that kind of doggie play? . . . It just couldn't happen anywhere in the world but in Sierra Madre.

Our hearts, our spirit and support really go all out to our boys on the Sierra Madre Search and Rescue Team. Seriously, they have climbed the trails, they have inspected the areas and it is their desire to save what is left of the wilderness for the enjoyment of you and me and our children. . . heed their call for help, and lend your voice and signature to their efforts.

Of course you have been told that the Federal Government has, or will, allocate \$773,000 for the Sierra Madre Wash project. . . We have told you many, many times that this amount of money was only the beginning. . . now we learn that an additional \$400,000 will be required for the check dams above. . . and again we say that this is only the beginning of the amount of money to be spent. . . we can see an easy three to four million going into the project. Maybe more, before the project is completed a couple of years from now.

Reminds me of the story of a couple of Sierra Madreadans who year after year made two trips to Las Vegas. . . once in the spring and once in the fall. In planning their spring trip this year we asked them the question. . . "Why do you go to Las Vegas twice a year?" and their answer. was. . . "Oh, we enjoy going over twice a year and 'visiting our money' . . . and someday we may go to what used to be the base of Mount Wilson Trail, just to visit our money."

For you people (over 1400 of you) who purchase your paper week after week on the newstand, we wish to call your attention to the Fourth Annual Subscription Drive, which is now in progress. You can now receive two years of the News for the low price of only \$6.00.

The annual clean out of unpaid subscribers that takes place in Jan. has left us with a little over 300 vacancies and it is our desire to fill them for the coming year. If you do not have the \$6.00 available you can subscribe for one year for \$4.00. How long this special will last is anyone's guess, but sending or bringing in yours today will assure you of 104 weeks of local news. . . 16 pages of it, so don't put it off, but be among those who keep abreast of local happenings each and every week.

Here's one that will give you a chuckle . . . just imagine that it happened to you . . . A local Sierra Madre man was more than a little annoyed the other morning when a neighbor telephoned him at 3 a.m. and complained, "Your dog is barking so loudly that I can't sleep."

KI DA KA CAMP FIRE GIRLS, one of the many groups who have been busily selling candy this past two weeks during the annual product sale. The sale is in its final week as the girls scurry hither and yon to sell out their complete stocks.

Candy Sale  
In Progress

As the Camp Fire Girls' annual candy sale enters its final weekend, the girls, their leaders and the Council staff wish to extend their thanks to the many generous people who have helped to support this activity. Because it is the Camp Fire policy that no girl go out selling candy unsupervised, the girls' mothers also deserve a vote of appreciation for their cooperation in taking their girls out to sell candy.

All funds from the sale are used to help meet operating costs of the Council and to improve camp facilities. Past sales have supplied the funds for permanent shelter at Camp Wasevagan, new mattresses, sanitary facilities, and replacement of tents every three years; Camp Chiquita has had the addition of a marked nature trail, link fence around the camp, new shelters, and purchase of the land, itself.

Both camps are available on a year-round basis for the use of the girls. Camp Chiquita, at the top of Fair Oaks Avenue in Pasadena, is a busy place, the scene of many cookouts, hikes, overnights, and ceremonies. Camp Wasevagan, the summer resident camp in the San Bernardino Mountains, can now be used by the girls winter and summer, thanks to the wonderful new permanent shelters.

As the girls follow their Camp Fire slogan, "Give Service" in their homes, their schools and their communities this coming year, it will be another way of their saying, "thank you" for helping them.

The Lawrence Bevingtons (he's our City Administrator) were once again hosts to the committee chairman of the Rose Float Association, for the traditional wind-up session. A bring-your-own-steak plus something else makes this a kind of potluck do, for which Mrs. Bevington is grateful, since the family is still plugging along to complete the extensive remodeling begun last year, and, as she says, painting goes slowly.

Several of the particularly hard working volunteers were invited, with the group hoping they can be used to take over committees for next year. Hard work the float-making may be, but the fun and camaraderie make a committee role an honor to be sought.

Mary and Peter Ward of 203 W. Highland find the murmurs and groans of exam time the big sound in their household at present. Oldest son Peter, now married, living in New Jersey and working for Bell Telephone Labs, also is continuing his studies at Stevens Institute of Technology and currently taking exams towards his master's degree. Penny, who goes to USC, is home from a trip to Chicago and immersed in her studying, an occupation seconded by Michael, who goes to PCC. Who has time for the frivolously social right now?

You know what they say about the busy people being the ones to get more done... Artist Howard Whalen, in addition to his strenuous stint with the Studio Players production, and workshop classes in clay sculpture soon to open for the spring session of the Creative Arts Group, is busily at work completing a large relief piece of a "Tree of Life" which will eventually be cast in concrete and placed over the door of a church in Wilmington, Calif.

How to cope with five active children? Dr. Victor Mikity and his wife Charlotte, of 684 Edgeview, have one solution which seems to work: they have a cabir up at Mammoth, and every third week the whole tribe goes on skiing. The whole tribe consists of Michael, now a freshman at PCC, Vicki, Steve, Chris and Don — and their frisky Labrador. The family thinks it likely that Michael will try for a ski meet one of these days;

meanwhile he'll spend the whole week of semester break up there with his friend and neighbor, Richard Schoen. With Vicky now on the Jr. Red Cross committee of Wilson, they are kind of covered for either trophies or tumbles.

Rev. McCormick  
Ordained Sunday  
At Congregational

Next Sunday, Feb. 6, will be a milestone in the history of the Congregational Church of Sierra Madre when their Director of Christian Education, Rev. Glen H. McCormick, is ordained. The ordination service will be held at 7:30 p.m. in the sanctuary, and will be followed by a reception in the Social Hall. The ordination sermon will be delivered by Dr. Clarence F. McCall Jr., Conference Minister-Superintendent of the Southern California and Southwestern Conference of the United Churches of Christ. Also participating in the service will be Dr. John A. Russell, Moderator of the Los Angeles Association.

Rev. McCormick was born and spent his early years in Sidney, Iowa. He later came to Southern California where he attended Pepperdine College and was awarded his Bachelor of Arts degree in 1958. He was graduated from the Southern California School of Theology in Claremont in 1962 with a Master of Theology degree.

With special emphasis in the field of pastoral counseling, Rev. McCormick is presently nearing completion of work toward a Doctor of Religion degree at the School of Theology. He intends to specialize in counseling during his ministry. Rev. McCormick is married to the former Muriel Peterson, a native of Sierra Madre, and they live with their two children at 101 W. Bonita Ave., Sierra Madre.

Those in attendance at the regular 10 a.m. worship service will hear Interim Minister Rev. Shelby J. Light discuss the provocative topic, "When Not to Pray." Worship music will be provided by two of the choirs of the church, the Chancel Choir singing "Forth in Thy Name" by Wolf, and the Hi-Fi Choir singing "Let Us Sing to the Lord" by Lois Myers Emig, adapted from Psalms 149 and 150.

J. B. (JACK) GREEN, General Manager of the Crown Bufeteria, 481 Colorado Blvd., Pasadena, has one of the most colorful lives of complete experience, not only in the field of foods and their preparation, but a thorough and complete knowledge of worldly people and their desires for a perfect cuisine.

J. B. Green, Gen. Manager  
Of Crown Bufeteria,  
Descendent of Boos Bros.

Mr. L. E. Smitley, owner and operator of the Crown Bufeteria at 481 Colorado Blvd., in Pasadena, was certainly fortunate some 18 years ago when he had the opportunity to obtain the services of J. B. (Jack) Green, who today is the General Manager of the most progressive "Cafeteria Style" eating emporium throughout California.

Mr. Green grew up in the cafeteria business, and is a direct descendent of the once famous Boos Brothers. As old timers, as well as the middle-aged, will recall, Boos Brothers were the group that brought the "Cafeteria" idea to California from the east. They owned and operated a chain of nine cafeterias during the years 1906 to 1927. At this time they sold their operation to Childs, who did not thoroughly understand the Cafeteria diners desires, and in 1935 returned the business back to Boos Brothers, who successfully operated the chain until 1946.

Mr. Green received his early education in the Cafeteria style of eating from the Boos Brothers and continued with the Childs. As a young lad he graduated to Steward on the Dollar Steamship Lines and had the opportunity to travel two times around the world with this company.

To further his education in worldly affairs, Jack enlisted in the U.S. Navy early in World War II and traveled over 200,000 miles having participated in all four theaters of war which included Iceland, Casablanca, England, Panama Canal, South Pacific, Straits of New Herbedes, Japan, Tarawa, the Philippines and Guam.

Is this any wonder then, with this vast storage of knowledge, that Mr. Smitley was indeed fortunate in securing his services. With a far away look in his eye, Jack said, "In all of my travels, in the hundreds upon hundreds of eating establishments all over the world, I have never, and I repeat, I have never found a FOOD VALUE to equal the one that patrons can find in the Crown Bufeteria, right here in Pasadena."

Continuing with a smile on his face "To confirm my

thinking, it was just yesterday when a complete stranger stopped me and made the following remark... "The lunch was excellent... I just had it."... Another one state... "I meet all of my friends here at the Crown Bufeteria, we really enjoy good food," and still another remarked... "My entire family certainly enjoy the well prepared food of the Crown Bufeteria... and at the price I cannot understand how you do it." These and many more encouraging remarks I hear day in and day out," concluded Jack.

Of course Jack recognizes and knows the preparation of food so thoroughly and appreciates to the greatest degree two of his very top men, Chef Frank (Al) Turner and Ed Beck who give you perfection seven days a week throughout their departments.

One final accomplishment in Jack's life that lends a great amount of background in his knowledge of foods and their preparation is his family of three children, Gail, Bruce and Jillinda, ages 9 to 17 who give him the full treatment in their likes and dislikes which he continually uses as guidelines in serving the general public. And Jack, like a great many fathers, fully realizes the value of being able to feed a family of five at the Crown Bufeteria for far less money than it can be done at home.

Mr. Smitley may feel fortunate in having me aboard," says Jack, "But, I am the one that continually has the good fortune of watching thousands upon thousands of satisfied customers come and go each day."

"To me it certainly is a 'job well done' when you know without a doubt that you have given the very best for the lowest possible cost," he added.

"My last desires are to see more and more happy and contented children and adults, and give you my personal invitation to visit and dine with us at the Crown Bufeteria, it will be an experience that you will long remember," Jack concluded.

## You and Your Neighbor

by Mary-Madeleine Lamphier

It's mighty encouraging the way the "preserve the canyons campaign" is contagious. Now two more Girl Scout troops are joining No. 528, under Midge Morash, to make trails. New additions to the workers are troop No. 249, under the leadership of Evelyn Shaw, and No. 527, under Alice Stormie.

More dedication to nature. Mrs. Edith Kinucan naturalist at Wilderness Park and a resident of Sierra Madre, is giving a class Saturday mornings on Soil and Water Conservation, for Boy Scouts and anyone interested. Not too late to enroll — call Wilderness Park for information. Ken Kinucan, her husband, who works at McCurdy Nature Center in Eaton Canyon, is the one who helped Girl Scouts plan for a Bailey Canyon Trail.

## Kappa Delta Diamond Jubilee Potluck-Dinner

The Pasadena Alumnae Association of Kappa Delta will have its annual Diamond Jubilee Potluck Dinner Tuesday, Feb. 8, at 6:30 p.m. in the Fireplace Room of the San Marino Congregational Church. Proceeds from this dinner will be added to the National Kappa Delta Diamond Anniversary Fund to be used for a special project to commemorate the 75th anniversary of the sorority in 1972.

Mrs. Daniel R. Chute, president, will conduct a business meeting and members will enjoy participating in a silent auction with proceeds going to philanthropy. Chairman for this event is Mrs. Ralph E. Erickson, San Marino, and her committee consists of Mmes. Donald Tuttle and Leon Foley of Arcadia and Mrs. Roland J. Carpenter of Altadena.

Any Kappa Delta interested in attending this dinner may contact Mrs. Erickson, 2155 Valentine Place, San Marino, for reservations.

## Altadena Federal Reminder On Auto License

Just a reminder: the last day for obtaining your vehicle license without penalty is Feb. 4. This warning comes from Altadena Federal Savings and Loan Association at 2246 N. Lake Ave., Altadena. The Association is an authorized representative of the Department of Motor Vehicles during regular license issuance/renewal period between Jan. 3 and Feb. 4.

To receive their 1966 registration cards and renewal stickers, vehicle owners should submit their current annual fees along with their punched card statements mailed from Sacramento. All checks must be issued for the exact amount of the fee and made payable to the Department of Motor Vehicles.

## Medical Auxiliary To Have Party

The Pasadena Women's Auxiliary to the Los Angeles County Medical Association, District Two, will sponsor a "Dah Chia Nien Loh Bienfang" at the homes of three of its members on Saturday, February 12; translation indicates that this will be a party of progression via "sampa" (bus) . . . with a Chinese flair and fare.

Mrs. Larry Adams, wife of our assistant city engineer, has as visitor, her grand-mother, Mrs. William Hahn, from Kansas City, Kan. The Adams' daughter, Kristie, is looking forward to a planned trip into L.A. to show her grandmother the colorful sights of Olvera St.

Children should be seen and not hurt.

THE GREENWOOD COUNTY SINGERS return for a one week only engagement at The Ice House in Glendale on Tuesday, February 1. The seven member folk gang records for Kapp records and have four albums and a hit record, "Frankie and Johnny" to their credit.

## The Greenwood County Singers At Glendale

The Greenwood County Singers are as famous for their fine night club shows as for their recording skills, however, and the patrons of Glendale's top act spot have a memorable evening of musical fun and frolic in store.

George McKelvey opens show with his comedy and musical mirth. George has a new album on the Gramma. The phone label entitled, "The Crowd of George McKelvey" and is available to anyone lucky enough to find it in a record store. George uses a guitar in his act and can actually play it. He does, too, and sings and jokes and does funny musical parodies.

George McKelvey's fame has spread far and wide

and he recently played a two week engagement at San Francisco's Hungry 1. Reservations are suggested for this fine show.

The Greenwood County Singers for six days only starting February 1 at the Ice House in Glendale.

Any typos in this issue merit pardon, for George Maurer of our staff was pretty irrepresible the day after he became a grandfather for the second time, delighted that the new baby is a girl. His daughter Margaret and her husband Bryan Duncan are the parents of new little Michael Ann, and of Byron, Jr. George's other offspring, the twins William and George and their sister Linda are naturally feeling their maturity as uncles and aunt, though the boys are still in high school, and Linda only on the way there.

## MEMOS FROM YOUR Stylist

By LOLITA

To winterland ladies who take vacations in southern climates, and to all sun worshippers, we pass on this warning . . . beware of doing your complexion great harm. Darker skins, with more protective pigment than fairer skins, are less vulnerable to the sun's rays, but all others are susceptible to harmful burns and redheads suffer most.

Give sensitive and more exposed areas . . . forehead, nose, cheek-bones, shoulders, calves, back of neck and tops of feet . . . an extra ounce of protection.

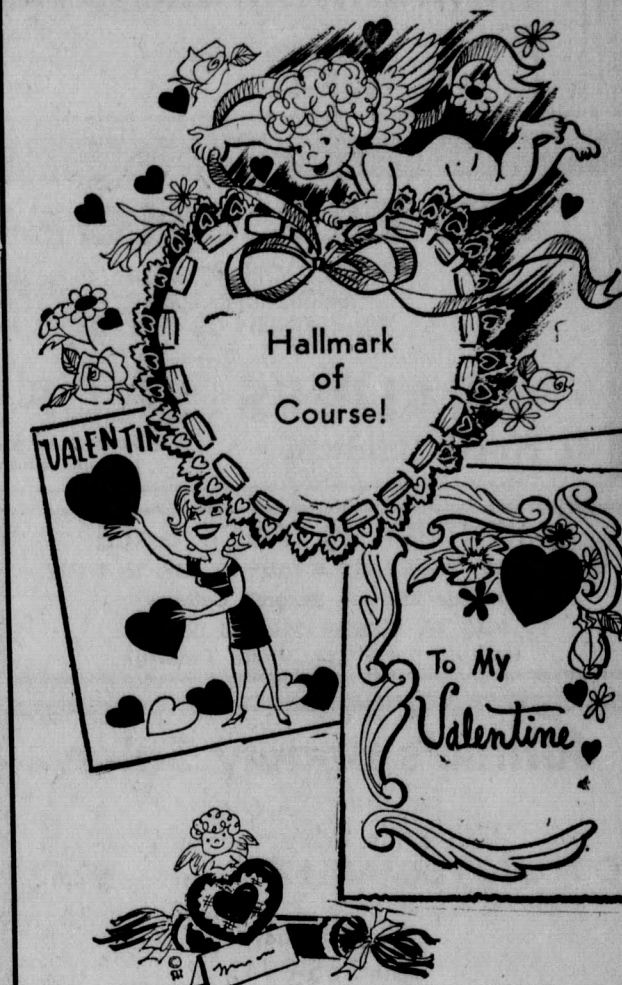

If you're a heliophobe and can't take sun in any dosage, even in the cold climates, find a sun-screen preparation which effectively blocks out ultra-violet rays, or simply steer clear of Old Sol.

However, for permanents certain to give you a bright, sunny outlook on life . . . our operators have the beautiful knack of fitting the ideal permanent to your personality. For dependable hair care, come in to PETITE BEAUTY SALON, 185 W. Sierra Madre Blvd., Phone EL 5-8041 . . . Manicures by Gladys . . . ## Rho Chapter Beta Sigma Phi Meets Feb. 3

Rho Chapter, Beta Sigma Phi, will hold its regular meeting Thursday, February 3 at 8 p.m. at the home of Mrs. Charles Wright of Sierra Madre.

Mrs. Russell Richardson, president, will preside over the meeting, and Mrs. Sandy Lietz will present the program entitled "The Dance."

Mrs. Robert Stirrett has been in charge of selling handicrafts made by the children of the Merc School for Retarded Children. Rho will turn over a check to that group as a result of their sales.

Final plans will be made for a cocktail party to be held in the home of Mrs. Robert Moritz of Pasadena on February 5 before the San Gabriel Valley Council's Valentine Ball to be held at the Altadena Town and Country Club. Mrs. Richardson will be honored as Rho's Valentine Princess.

Members planning to attend both the cocktail party and the ball are Mr. and Mrs. Richardson, Mr. and Mrs. Stirrett, Mr. and Mrs. Moritz, Mr. and Mrs. Stanley Huntington, Mr. and Mrs. Robert Curtis, Mr. and Mrs. Gary Hoff, Mr. and Mrs. Charles Wright, Mr. and Mrs. Kirby Shaw and Mr. and Mrs. Thomas Bates.

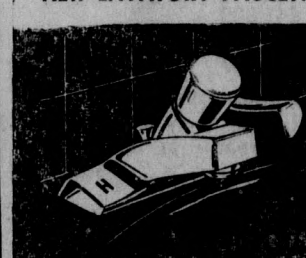

After the evening's business meeting is adjourned the group will hold a baby shower for Mrs. Ronald Shoup while enjoying refreshments prepared by the hostess for the evening Mrs. Walter Christiansen.

The SGVCS recently held a refresher course on the duties and obligations of the various officers and chairmen in Beta Sigma Phi. Mrs. Richardson of Rho presented a forum or Council Representative.

Rho Chapter, along with Proceptor Eta, co-hosted the last SGVC meeting. At that time the chapter gave a brief history of Rho's activities of the past year.

## Las Companeras Day At Races

Members and guests of Las Companeras of Upper Hastings Ranch will meet at Santa Anita Race Track on Tuesday, February 15 for the club's annual "Day at the Races."

After cocktails and luncheon in the Clubhouse Terrace, the group will enjoy the afternoon's racing program which will feature a race in the club's honor.

Mrs. Edward McKelvey is in charge of reservations for this event.

## Kappa Alpha Cocktail Party

Saturday evening, February 6 Pasadena Alumnae of Kappa Alpha Theta will gather for a benefit cocktail party, from 6 to 8 p.m.

## Chamber Plans For Year 1966

with J. Hall and Richard King; special events, J. Hall; city beautiful, B. Wightman, with Mrs. D. Underwood; Christmas decorations, Mrs. D. Underwood, with Mrs. H. Johnson and D. Boggio.

Also: Merchants division, F. Green, with R. Hurwit, J. Meade, J. Brown and J. Hall; installation dinner, J. Burke, with H. Green, Mrs. L. Rudbach, Mrs. D. Underwood and R. Hurwit; publicity, Mrs. D. Underwood, with R. Green; collections, H. Barton, with Mrs. D. Underwood, R. Hurwit and J. Meade; Wistaria, Mrs. L. Rudbach, H. Barton, and R. Thurston; finance and budget, D. Boggio, with J. Asher and J. Burke; entertainment, F. Green with Mrs. D. Underwood.

The executive committee

for by-laws is composed of president, D. Delahouke; vice president, J. Burke; treasurer, D. Boggio; secretary-manager, Mrs. D. Underwood; with immediate past president, R. Thurston.

Business transacted encompassed the following points, in addition to treasurer's report and the voted okaying of existing bills. Plans for the annual Chamber of Commerce dinner for the installation of officers, to be held this year on February 14 at Eaton's were discussed, and it was announced that 100 tickets have been sold to date. John Milton Kennedy will again be the speaker of the evening.

Plans were made to hold a ribbon-cutting ceremony the last Friday in February to officially open the Suffolk extension which has become Mariposa and merchants are being approached for beautification of the street.

It was announced that the Chamber would for the second year sponsor the Wistaria Vine public showing, and that because of the consideration given last year to the privacy of the owners of the property on which it stands, that the exhibit can be made public for two days instead of one this time. No date can yet be set for this, since it depends on weather and the blooming of the vine, but three weeks advance notice will be given. Increased parking facilities for this event are to be sought.

It was pointed out that the preliminary plans for a permanent building to house the creche scene used at Christmas will have to be submitted to the Planning Council, and on its approval, must then be submitted to the City Council.

Because some damage to the creche figures was incurred in storage during the past year due to heat and transportation, an offer made by Ron Thurston to store in the insulated attic of his building at 89 E. Montecito was accepted.

Frank Green, representing the merchants' division stated that his committee was pressing forward on securing new and improved parking areas and getting parking maps out for the public, with a promotion for "lucky" parking spaces by merchants. He stated that special events to be sponsored by the Chamber would be the Art Fair in May, with banners; a Fourth of July celebration, with parade and band; promotion and banners for the annual Search and Rescue Days, and continuation of the Christmas promotions.

Speaker for the meeting was Larry Bevington, City Administrator, who went into detail about the plans for a new Civic Center and the reasons for the proposed move of City Hall into this new complex, giving the history of the City Hall building, and the problems it now faces due to inadequate facilities. (Note: this background material will appear in the News in a separate article next week.)

In particular, Mr. Bevington listed the five basic elements to be incorporated in the civic center as now planned: 1. A police station and jail; 2. A fire station including space for living quarters for a future paid department, (visualized as eventually necessary as city expands); 3. A city hall including a Council meeting room; 4. Recreational type facilities including a large meeting room, small meeting rooms, kitchen facilities for community dinners, a stage area, etc.; 5. Civil Defense facilities including space for an emergency operating center for either civil defense or national disaster.

In the discussion following his talk, Mr. Bevington made known a fact of which board members had been unaware: that the City has for some time owned over 900 acres on either side of Mt. Wilson, which fall within Los Angeles County and the Forest Service, which are intended to be reserved for open hiking, and that the city is trying to work with the Forest Service to change the present closed time during the warm season from May to December, believing that the city hikers are not a serious fire hazard and that the open season is of restricted usefulness, since this half of the year is the wet weather time.

It was also brought out that the proposed youth center for Sierra Vista Park would not duplicate recreational facilities in a civic center, nor enterprises such as the proposed new theatre, since many types of activities and facilities are only for S. M. youth, and in particular a center specifically youth oriented which young people can feel is particularly their own.

### Sierra Club Joins With Search & Rescue

of the Sierra Club and well known for his brilliant battle in saving the San Geronimo, Wilderness Area came to our rescue meeting. He brought a new resolution which has been adopted by the executive committee of the Angeles Chapter of the Sierra Club on January 25, 1966. Sixty four hundred members, (several live in Sierra Madre).

#### Resolution

I. The Angeles Chapter of the Sierra Club is disturbed by proposed projects to fill our local canyons with check dams and other structures such as concrete channels and drainage pipes. While we are aware of the need for flood control projects, we feel that there are frequently alternative technical solutions for a given problem. The Chapter has seen very little evidence in the past that preservation of existing natural values has been seriously considered. The Chapter opposes disrupting structures in our mountain canyons unless there is clear proof that there are no alternative methods of protection that would cause less destruction to natural vegetation and natural contours of the canyons.

II. The Angeles Chapter feels strongly that the principles set forth in the general resolution relative to destruction of our mountain canyons by unnecessary check dams, concrete channels and drainage pipes applies to the proposed "flood control" work in Little Santa Anita Canyon and opposes such project pending further study and full public hearings, with an opportunity for all interested parties to be heard.

It was indicated that the entire California section of this club, well known for their dedication, in saving the Redwood Empire, the passing of High Sierra Wilderness Bills and Grand Canyon projects will be watching the proceedings with interest. And it touched us all that this great organization would be willing to step in and aid the mountain men in their battle to preserve the beauty of our Little Santa Anita Canyon.

You have never seen an ugly sunset! You have never seen an ugly scene, in the

desert, in the mountains, at sea, or anywhere on the surface of this entire earth, unless it were a scene made ugly by man. Please take a walk up the Big Santa Anita Canyon and see for yourself.

Personal thought—I wonder why the flood control threatens all kinds of disaster, while those cute little cloud seeding machines are busy bombarding the air to wrench every last drop of moisture from the clouded skies?

### Senior Citizens Plan Tour of Music Center

Members of the Senior Citizens enjoyed an unusual program at their meeting on Saturday. President Lola Bullock opened the proceedings by calling Mrs. Charles Ring who offered prayer. A short business session followed.

The newest members are Mr. and Mrs. Charles Ring from the Santa Anita Senior Citizens organization. Mr. Ring gave an interesting account of his association with the movie star idol Rudolph Valentino, saying he doubled for Valentino many times, in horse back scenes as Rudolph could not ride a horse and so Mr. Ring was called on to take that particular part.

Mrs. Ring is tour conductor for Santa Anita Club and has arranged a bus trip and tour of the Music Center and Lavy's for the Sierra Madre Citizens on Friday, February 25. Also a trip to the Indian Date Festival is in the offing. An Armenian Pilaff dinner is being arranged by Mr. Ring for the members when they meet next Saturday. They are asked to bring their own dinner service.

Member Iris Valois was reported recuperating at Parkwood Rest Home and will enjoy receiving cards. Also Miss Adelaide Kirk is on the convalescent list.

The remainder of the afternoon was spent in viewing the colored slides presented by Mrs. William Waite. Mr. and Mrs. Waite accompanied by Mr. and Mrs. Marvin Thomas and Mr. and Mrs. Bud Walsworth, enjoyed a four days Park trip, starting from Las Vegas. With their two boats, they first visited Lake George, Utah, and then on to Glen Canyon and Zion National Park, with all the gorgeous fall colorings.

They spent some time cruising the newly made Lake Powell with its 1800 mile shore line. Lee Ferry which in the olden days connected Utah with Arizona and now crossed by the highest bridge in the world, was pictured, also the Great White Throne, Rainbow Bridge and Navajo Creek in the North Ridge of the Grand Canyon.

In this most interesting area stands the ruins of an old Indian cliff dwellers, 25 miles long and containing 150 dwellings which housed 300 Pueblo Indians. This ruin is 1300 years old and called "The Betatakin Ruin," the only entrance to the dwellings being through a hole in the roof.

A great part of these ruins is being excavated at this time by archeologists. Mrs. Waite then showed scenes from Navajo Land, Mounment Valley, Utah including the Totem Pole, North Windows and the Three Sisters.

The ancient art of rug weaving, she said, will soon be a relic of the past as the women find easier and more remunerative projects.

Guest of the day was Mrs. Edna Faller of Sierra Madre.

### PEPTONE by Deedee & Alice

On Saturday, the 22nd, at LaSalle High School the Byrds displayed their remarkable talents. Everyone there seemed to like these five fab musicians and, unbelievably, most of the girls kept control of their emotions.

When we met the Byrds about a week before their first record was released, we noticed several little things that distinguished these boys from most other groups. One of these things was their remarkable taste for clothes. This taste doesn't seem to have changed at all over the past months. Dave Crosby was wearing the neatest green cape and Gene Clark was wearing a darling maroon blazer.

The only time the audience really screamed loud was when Gene started to sing "Set You Free This Time," his own composition. Of course, we can't say that we blame them.

Maybe it's the way Mike Clarke drums or maybe the way Chris Hellman plays his base guitar or maybe it's the way Jim McGuinn plays his guitar, who knows. The only thing we know is, whatever it is, it is sure marvy.

All of us must thank Pete Barker and Tony Hernandez for putting on such a great show. Of course, the Byrds hepled a little.

If you didn't think so before and if you saw the show, I'm sure you'll be saying with us now, "The Byrds Rule!"

The Adventures of Torch McCarthy and Her Accomplice Star

Story so far: Torch and Star, determined to get to England, have finally finished building their "contraption" that is supposed to transport them to New York. After a jubbant... uh... sad farewell with their parents, they finally took off bound for New York, where they would figure out another source of transportation across the Atlantic.

Chapter Eight  
As you remember from last week, Torch and Star had gotten only about ten miles on their 3,000-mile journey when Torch decided she was hungry and reached into the ice chest for a cream puff. But unbeknownst to her was a huge trap which caught her hand and wouldn't let go. She knew Star was up to something. The truth of the matter was that Star was quite aware of Torch's perpetual appetite and in order to economize on the food bill she knew she had to use some sort of restraint. But Torch wasn't exactly overjoyed with the state of affairs her hand was in. So she decided to retaliate.

While Star wasn't looking she got out her little black book and looked under "B." Star was busy watching the traffic, but the traffic seemed to be watching out for her, because a Honda with two sidecars attached to it and a madras awning with green and purple fringe covering the whole contraption, wasn't exactly an everyday sight. Anyway, Torch was all ready to zap Star because she was looking up her Bat-Code to signal Batman to come to her aid. Suddenly there was a big black thing zooming out of the sky. Star was getting a bit perturbed, but she kept on driving while Torch was preparing her zap sign.

What was the hex Torch would tell Batman to put on Star? How would Star react? Watch out for next week's story to find out.

Check your muffler and tail pipe occasionally. Exhaust fumes leaking into a closed car can be deadly.

CAN THE DODGERS make a real run for the pennant again without added punch? It's hard to believe that Ron Fairly paced the team in runs-batted-in with just 70. In 1963 the Dodgers won the bunting and whipped the Yankees in four straight, then stood pat in the trading market. Result: no pennant the next year. Just thought it was worth mentioning.

## laws of life

Most of us are looking for something to go by — a yardstick, a set of standards, a law — something that will give direction to life. Ultimately, we find our only sure standard in the laws of divine Love. You're invited to hear a one-hour public lecture on this subject by Martin Broones, member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts. Title: "The Standard of Christian Science." All are welcome.

## Lesson-Sermon 'Spirit' Sunday, Feb. 6

"Can Deity be known through the material senses? Can the material senses, which receive no direct evidence of Spirit, give correct testimony as to spiritual life, truth, and love?" This thought-provoking question is part of the Lesson-Sermon on "Spirit" to be read at all Christian Science churches this Sunday. The question is taken from the denomination's textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, the discoverer and founder of Christian Science.

Bible passages will include Jesus' declaration: "It is the spirit that quickeneth; the flesh profiteth nothing" (John 6).

The service on "Spirit" is one of a series through which Christian Scientists seek a deeper understanding of the nature of God through the study of certain terms. Others to come include services on "Soul," and "Mind."

Martin Broones, CSB, will be the speaker, under sponsorship of First Church of Christ, Scientist, Sierra Madre. The lecture will be given at 3 p.m. in the church edifice at 186 W. Highland Ave. Title of the lecture is "The Standard of Christian Science."

## Santa Anita Church Lists Sermon-Lesson

"Believe You Have Received" is the promise. This promise is the basis of the sermon-lesson "The Power of Acceptance," by Dr. Ethel Barnhart at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, Sunday morning, February 6 at the 11 a.m. worship service. The ability to accept is a key within every man that will unlock the door to endless experiences of God's Goodness. The "belief" that is the exercise of this ability to accept will be discussed. You are invited to worship with us in our beautiful sanctuary. Infant and very young child care is provided during the service.

Graded classes in spiritual education for youth from kindergarten through high school provide a solid foundation for their future living. All youth activities are held at 11 a.m. Sunday mornings.

The high school youth of the church will have a bake sale at the El Rancho Market Saturday, February 5, from 9:30 a.m. to 1:30 p.m. This is part of their enthusiastic endeavor to take their place as a supporting activity of the church. You are invited to make your weekend purchases of bake goods from their home-made cakes, cookies, etc.

The Santa Anita Church is a non-denominational church dedicated to bringing forth the New Age Man to live in the New Age.

Dr. Barnhart says: "One of our avenues of services to all is our Dial-for-Prayer, HI 7-6162. Call day or night for spiritual help."

### Kiwanis

A good time was had by the Sierra Madre Kiwanis members and their wives Wednesday, January 26, when they met at the Los Angeles Turf Club for the annual "Inter-club at Santa Anita." This is an annual affair with members of Division 15 and 35, being sponsored by the Arcadia Club.

Tuesday, February 1, the club had its official visit by Division 35 Lieutenant Governor Bernie Boomer.

## SPORTS AS Hank Ives SEES IT

### SPORTS DOTS AND DASHES

HARLAND SVARE obviously expected to get the Ram axe at the end of the season. When Reeves showed interest in John McKay, the highly successful USC mentor, Svare didn't feel bad at all. However the likeable young coach blew his stack when the Rams selected George Allen, who had the same credentials that Svare offered when he joined Los Angeles.

WHAT A SHAME Kipchoke Keino, the pencil-thin but leather-lunged distance runner from Kenya, won't be here for the Indoor Games at the Sports Arena February 12. It would have been interesting to see a mile rematch with Jim Grelle plus the added interest in UCLA's Bob Day.

SABRE MOUNTAIN, Howard Look's brilliant three-year old looks like a dandy early bet for the Kentucky Derby. There doesn't seem to be any horses at the Arcadia stables capable of whipping the big colt.

DON'T FORGET the Police

Invitational Basketball Tourney at the Muir gym next week, February 7-10. It should be a dandy with plenty of playing talent on the courts.

JANUARY is apparently a lousy month for rodeos. The rains fell on the Palm Springs Mounted Posse Rodeo last weekend, just as it did prior to the one in the Rose Bowl a year ago. Local sponsors claim they have already cleared it with the Chamber of Commerce for a nice sunny day on May 8.

CHUCK KENWARD colored Old Hankus last week wondering why there wasn't more Service Club bowling news in this column. So O.K. Chucker . . . Pasadena Kiwanis Club still leads the pack with a four game bulge over the fast closing Pasadena Optimists. Don Schroeder, Tex Williamson, John Van Dam, Bill Stitt and Bill Welch have been absolute Tigers to date with the help from Ron Jorgenson and Gordon Hopper.

Still, if memory serves me correctly, the Kiwanis bunch usually get off to an early

lead and then zot. Mike Fessler, a pot-game specialist corralled by the Jaycees, rolled a 641 series two weeks ago . . . Ed Holscher 70-year-old member of the Optimist No. 2 gang fired a 236 recently . . . It's good to see 80-year-old David Safely back on the lanes . . . Ham Cronk of the Exchange Club has the high game with a 277.

PHIL BAKER'S brilliant rebounding has been the key to the first place position now occupied by Pasadena High. The 6-5, 190-pounder has to be a good college prospect but has another year to go for the Bulldogs.

JOHN KEESE, brilliant La Salle High guard established a school scoring record last week popping 37 points. Previous mark was held by a pair of pretty good ball-players, Mike Dooling and Dennis Polosky each with 35. Keese stands only 5-10 and weighs 160 pounds but is quick and has good moves, according to his coach, Frank Caudillo.

OLD HANKUS likes Batture to nab the \$50,000 added Santa Margarita Handicap on Saturday. The mile and one-eighth test should be just right for the William Hagglin Perry filly. Forget her last race, she was far on the outside in a mile-sixteenth test.

SIERRA MADRE NEWS  
ORDINANCE NO. 756  
AN ORDINANCE OF THE  
CITY OF SIERRA MADRE  
REPEALING PART 6 OF  
CHAPTER 3 OF ARTICLE III  
OF THE SIERRA MADRE  
CITY CODE AND ADDING A  
NEW PART 6 TO CHAPTER  
3 OF ARTICLE III RELAT-  
ING TO CHARITABLE AND  
RELIGIOUS SOLICITATIONS,  
AND ENACTING THE SAME  
AS AN URGENT ORDINANCE.

THE CITY COUNCIL OF THE  
CITY OF SIERRA MADRE DOES  
ORDAIN:  
SECTION 1. Part 6, Chapter 3  
of Article III of the Sierra  
Madre City Code is hereby re-  
pealed, except such repeal shall  
not affect prosecutions pending  
thereunder.

SECTION 2. The City Council  
finds and determines that this  
Ordinance shall become immedi-  
ately effective as an urgent  
ordinance for the reason that  
said Part 6 as it exists on the

date hereof has just been de-  
clared to be unconstitutional as  
applied to religious organiza-  
tions; that it is necessary to  
act now regulations at once to  
protect the public welfare.

SECTION 3. A new Part 6, read-  
ing as follows, is hereby added  
to Chapter 3 of Article III of  
the Sierra Madre City Code:  
Part 6 - Charitable Solicitation  
Sec. 3380. Definitions.

The following words and  
phrases when used in this Part  
shall have the meanings here-  
after respectively ascribed to

(a) "Solicit" or "solicitation"  
shall mean the request directly  
or indirectly of money, pledges,

assistance or other thing of value  
on the plea or representation that  
such money, pledge, credit, prop-  
erty, financial assistance or other  
thing of value will be used for  
a charitable or religious purpose  
as those purposes are defined in  
this Part. These words shall in-  
clude the following methods of

connected therewith;

4. The sale of, offer or attempt  
to sell, any advertisement, ad-  
vertising space, book, card, or

any appeal is made for any char-  
itable or religious purpose, or  
where the name of any charit-  
able or religious person is used  
or referred to in any such ap-  
peal as an inducement or reason  
for making any such sale, or  
when or where in connection  
with any such proceeds from any  
such sale will go or be donated  
to any charitable or religious  
purpose.

(b) Same. Charitable. "Charit-  
able" shall mean and include the  
words "charitable," "philanthropic,"  
social service, welfare, benevo-  
lent, educational, civic or frater-  
nal either actual or purported.

(c) Same. Religious. "Religious"  
and "Religion" as used herein  
shall not mean and include the  
word "charitable" as herein de-  
fined, but shall be given their  
commonly accepted definitions  
and shall include the tenets and

(f) An outline of the method

with such solicitations and the  
names and addresses of all such  
persons;

(j) A financial statement for  
the last preceding fiscal year  
showing the funds collected for  
charitable purposes by the applicant,  
said statement giving the amount  
of money so raised, together with  
the cost of raising it, and final  
distribution thereof.

(k) A full statement of the  
character and extent of the  
charitable work being done by

or officer thereof;

(m) A list of other cities or  
counties where similar permits  
have been applied for in the past  
two years;

(n) Such other information of  
similar nature as may be reason-  
ably required by the Administra-  
tor in order for him to deter-  
mine the kind and character of  
the proposed solicitation;

tion for a permit to solicit for  
charitable purposes shall contain  
a statement that the actual cost  
of solicitation will not exceed

said 25%, an explanation of such  
excess and an estimate of the  
probable percentage.

(p) The names and addresses  
of the field solicitors.

If, while any application is  
pending, or during the term of  
any permit granted thereon,  
there is any change in fact,  
policy, or method that would  
alter the information given in  
the application, the applicant  
shall notify the Administrator in  
writing thereof within twenty-  
four hours after such change.

Sec. 3382. Same. Application Fee.  
Any application for a permit to  
solicit for charitable purposes  
shall be accompanied by fee  
of \$5.00 to cover the cost of in-  
vestigation. Said fee shall be  
payable to the City Treasurer.  
Where no investigation is re-  
quired to ascertain the truth  
of the facts set forth in the ap-  
plication or whether the soli-  
citations are to be made solely to  
the public, the fee may be waived.

Sec. 3383. Same. Investigation  
by Administrator.  
The Administrator shall ex-  
amine all applications filed under  
Section 3380 hereof and shall  
make, or cause to be made, such  
further investigation of the ap-  
plication, the applicant and his  
solicitors as shall be deemed  
necessary in order to determine  
whether or not the statements  
made in the application are true  
and whether or not the soli-  
citations requested would be a  
fraud on the public.

Sec. 3383.3 Same. Granting  
or denying permit.  
(a) If the Administrator finds  
that all of the information re-  
quired by this Ordinance has  
been submitted, that all of the  
statements made in the applica-  
tion are true and that the soli-  
citations requested would not be  
unreasonable, that the soli-  
citations are to be made solely to  
the public, the fee may be waived.

Any permit or certificate is-  
sued may be revoked if the per-  
mittee is not operating in ac-  
cordance with the application  
pursuant to which such permit  
was issued or if further activity of said permittee  
would be a fraud on the public,  
or if it is contrary to public  
welfare. Such revocation may  
be made by a registered letter  
signed by the Administrator and  
directed to the address of the  
applicant as stated upon the ap-  
plication. Said permit or certi-  
cate shall become null and void

No person shall solicit contribu-  
tions for any charitable or reli-  
gious purpose without a permit  
authorizing such solicitation;  
provided, however, that the provisions  
of this Section shall not apply to  
any established religious organiza-  
tion or religious denomination ex-  
clusively for religious or charitable  
purposes and not for pecuniary  
gain of any person, if the soli-  
citations by such established  
organization or religious denomina-  
tion are made solely for the bene-  
fit of the members thereof by  
other members or officers there-  
of, or if the solicitation is for  
the purpose of raising funds for  
the maintenance of such organi-  
zation or religious denomination.

shall be made to the City Ad-  
ministrator upon the following

as an endorsement by the City  
of the solicitation.

Sec. 3384.1. Same. The Investi-

The Administrator shall ex-  
amine all applications filed under  
Section 3384 and shall make, or  
cause to be made, such further  
investigation of the application,

as shall be deemed necessary in  
order for him to determine  
whether or not the statements made  
in the application are true.

Sec. 3384.2. Same. Granting or  
Denying Certificate.  
If the Administrator finds that  
all of the information required by  
this Ordinance has been submit-  
ted, that all of the statements  
made in the application are true,  
and that the solicitations re-  
quested would not be a fraud on  
the public, he shall grant the  
permit; provided, however, that  
he shall deny the application if  
he finds that the applicant is  
not a religious organization or  
is not soliciting for a religious  
purpose.

Sec. 3385. Solicitations Permit,  
Form of Grant of Not  
Endorsement by City.  
Permits issued under this Part  
shall be in the form and contain  
the following information: (a) The

pose.

(d) A statement that the certi-  
ficate requested will not be used  
as an endorsement by the City  
of the solicitation.

Sec. 3386. Time Limits.  
(a) No certificate to solicit for  
religious purposes shall grant the  
right to solicit longer than nine-  
ty days from the date of the  
issuance of the certificate, but the  
Administrator may extend any  
such permit for not more than  
sixty additional days upon show-  
ing that unnecessary hardship  
would be created by a failure  
to extend the original period  
for such additional days.

(b) No permit to solicit for  
charitable purposes shall grant  
the right to solicit for such pur-  
poses for more than sixty days  
during any calendar year.

(c) No permit or certificate to

Sec. 3387. Permit Non-trans-  
ferable. Return of Upon

of expiration, together with all  
facsimile copies thereof.

Sec. 3388. Agents and Solicitors  
for Solicitation Permit  
Holders.  
All persons to whom permit or  
certificates have been issued  
under this Part shall furnish  
proper credentials to their agents  
and solicitors for such solicita-  
tion. Such credentials shall in-  
clude the name of the holder,  
the purpose of the solicitation,  
the signature of the permit  
holder or the holder's chief  
executive officer, and the name,  
address, age, sex and signature  
of the solicitor to whom such  
credentials are issued and the  
specific period of time during  
which said solicitor is authorized  
to solicit on behalf of the per-  
mit holder. A copy of such per-  
mitted credentials must be filed  
with the Administrator when the  
applicant for a permit or cer-  
tificate is filed and must be ap-  
proved by him after investiga-  
tion of the individual involved  
before the permit or certificate  
may be issued. The Administra-  
tor may, for cause after hearing  
applicant, disapprove particular  
field solicitors, and condition the  
issuance of any permit or cer-  
tification thereon. No person shall  
solicit under any certificate or  
permit granted under this Part  
without the credentials required  
by this Section and a facsimile  
copy of said permit in his pos-  
session. Said credentials must be  
shown, upon request, to all  
persons solicited and to any  
police officer of the City.

No Agent or solicitor shall so-

Any permit or certificate is-  
sued may be revoked if the per-  
mittee is not operating in ac-  
cordance with the application  
pursuant to which such permit  
was issued or if further activity of said permittee  
would be a fraud on the public,  
or if it is contrary to public  
welfare. Such revocation may  
be made by a registered letter  
signed by the Administrator and  
directed to the address of the  
applicant as stated upon the ap-  
plication. Said permit or certi-  
cate shall become null and void

subject to the provisions of this  
Part.

(b) The Administrator shall  
file in his office for public in-  
spection, and shall serve upon  
the applicant by registered  
mail, a written statement of his  
findings of fact and his decision  
upon each application.

Sec. 3384 Application for  
Religious Solicitation

ministrator either upon the form

trator may, for good cause, show

(e) The name and address of

those who will be doing the ac-  
tual soliciting.

(f) The general outline of the  
methods to be used in continuing

ficate requested will not be used

gation by Administrator.  
The Administrator shall ex-  
amine all applications filed under  
Section 3384 and shall make, or  
cause to be made, such further  
investigation of the application,  
the applicant and his solicitors  
as shall be deemed necessary in  
order for him to determine  
whether or not the statements made  
in the application are true.

Sec. 3384.2. Same. Granting or  
Denying Certificate.  
If the Administrator finds that  
all of the information required by  
this Ordinance has been submit-  
ted, that all of the statements  
made in the application are true,  
and that the solicitations re-  
quested would not be a fraud on  
the public, he shall grant the  
permit; provided, however, that  
he shall deny the application if  
he finds that the applicant is  
not a religious organization or  
is not soliciting for a religious  
purpose.

Sec. 3385. Solicitations Permit,  
Form of Grant of Not  
Endorsement by City.  
Permits issued under this Part  
shall be in the form and contain  
the following information: (a) The  
names and addresses of the per-  
sons by whom the field solicita-  
tions shall be made, giving the  
preferred dates and the date of  
completion and ending of such soli-  
citation;

(b) The estimated cost of the  
solicitation;

(c) A general statement of the  
basis for the applicant's claim to  
be a religious organization or to  
be soliciting for a religious pur-  
pose.

(d) A statement that the certi-  
ficate requested will not be used  
as an endorsement by the City  
of the solicitation.

Sec. 3386. Time Limits.  
(a) No certificate to solicit for  
religious purposes shall grant the  
right to solicit longer than nine-  
ty days from the date of the  
issuance of the certificate, but the  
Administrator may extend any  
such permit for not more than  
sixty additional days upon show-  
ing that unnecessary hardship  
would be created by a failure  
to extend the original period  
for such additional days.

(b) No permit to solicit for  
charitable purposes shall grant  
the right to solicit for such pur-  
poses for more than sixty days  
during any calendar year.

(c) No permit or certificate to  
solicit for a charitable or reli-  
gious purpose shall grant the  
right to solicit other than be-  
tween the hours of 10:00 o'clock  
A.M. and 7:00 o'clock P.M.

cation shall be processed in the

punishable by fine of not more  
than \$500 or by imprisonment  
for not more than six months,  
or by both such fine and im-  
prisonment.

SECTION 5. SEVERABILITY. If  
any word, clause, phrase, sen-  
tence or provision of this Ordinance  
or the application thereof to any  
person or circumstance is held  
invalid, the remainder of the  
Ordinance and the application  
of such provisions to other  
persons or circumstances shall  
not be affected thereby; and the  
Council declares that it would  
have enacted every word, phrase,  
sentence and clause notwith-  
standing.

Guess if I grow to be a hundred I'll just never understand the generation that is going to protect me when I became a senior citizen. I fully realize that academically they are being trained and enlightened in a much more advanced manner than we their parents or grandparents but I'm wondering perchance if all this super education is doing something to their cultural instincts. Maybe they are cracking under the strain.

Now when I was a girl we had little nice safe radio serials like "Little Theater Off Times Square," and a real thriller was "Intersanctum," and for sheer adventure "The Man Called 'X'." Boy that really gripped your insides.

Now the young people have "The Addams Family" and "Batman." Oh I simply tremble when I think of the "Batman." What is our youth coming to? Where, oh where is dear old "Daddy War-bucks?"

This is a weekend for parties for some of the younger members of the hill crowd.

Joel Prescott, son of Mr. and Mrs. George Prescott of Trevan Road, celebrated his seventh birthday last Saturday with quite a group of his classmates and friends. They had a tremendous "Buried Treasure Hunt" as the highlight of the day.

The guests he invited were Alan Rotner, Ronald Jakeway, David Horne, Charlie Benedict, Barry Steed, Bruce Barth, Gary Charpentier, Jeff Stevenson, George Ready, Robbie Hara, Manuel Riviera, Billy Street, Andrew Patterson, Clayton Varga, Ty Adam, Stephen Huss, and Eric Ellersleach. Most of the boys are in the second grade at Eugene Field School.

The Jim McCoys were on a tight schedule last weekend. Between Mel's appearance in the "Summer of the Seventeenth Doll," a dinner party and a slumber party, they have been hard put to find time for a little every day things.

The slumber party was held by their daughter Lise last Saturday evening. The girls all came with their sleeping bags. After snacking all evening they had a sort of mid-right supper to see them through till breakfast.

Knoll, Kathy Hamilton, Liz Rode, Melissa Mueller, Cory Hamilton, Christy Pederson, Kathy Crawford, Chrys Galbraith, Mary Ames, Cathi Forrest, Donna Hillier, Sue Clark, Judy Muruchanian, and Sue McCormack.

Mr. and Mrs. John Galbraith of Hartford Point had a small pre-theater dinner party on Saturday night. Their guests included Mr. and Mrs. Jim Mc Coy, Mr. and Mrs. Robert Griswold, and Mr. and Mrs. Frederic Reller, from Miami, Florida.

After the dinner they all went to see Mel perform in the play.

The Kinneloa Canyon Club had their monthly meeting this last Tuesday at the home of Mrs. Jody Clary. Her co-hostess was Gayle Schultze, who by the way is getting closer and closer to being a real bona-fide neighbor. They have begun to build the Schultzes' home just recently. But back to the meeting. Three of the officers of the Club were models for new coiffures styled by "Marquesa Coiffures" of Pasadena. The gals all went down in the morning for the setting and they were "combed out" at the meeting. The subjects for the demonstration were Carol Benedict, Nancy Higley, and Sarah Gillian. I understand the girls were all knock-outs when they were finished.

Mr. and Mrs. Mel Knoll of Villa Heights had a dinner and dancing party last week to introduce their friends, Mr. and Mrs. Maynard Lumks, who were visiting them from Los Altos.

Their guests were Mr. and Mrs. William Gosline, Mr. and Mrs. Warren Bacon, Mr. and Mrs. David Zinsmeyer, Mr. and Mrs. Frank Winman, Mr. and Mrs. Don Caustin, Mr. and Mrs. Risto Milosevich, Mr. and Mrs. John Galbraith, Mr. and Mrs. Joe Cummins, Mr. and Mrs. Frank Crowhurst, and Mr. and Mrs. John Hedrick.

## Letters To The Editor . . .

Dear Editor:

In our "Great Society" self-reliant financial integrity is no virtue and supine dependence on handouts from Washington is no vice. This applies particularly to government transportation policies which over-regulate and over-tax railroads to over-subsidize and coddle their competitors.

Association of American Railroads reports that, in spite of stubbornly persistent political discrimination, Class I railroads in 1965 hauled over 690 billion ton-miles of revenue freight, a five per cent increase over 1964. They spent over \$1.6 billion for new plant and equipment, none of which flowed from the tax-fed spigot of a political pork barrel. Return from net investment was a modest 3.5 per cent in contrast to 10 per cent plus for subsidy-pampered airlines.

The "Great Society" is hereby challenged to rise above just another Speno-craic vote-buying "Deal." President Johnson offered some sound recommendations for long overdue revision of the medieval atrocity of government transportation policy.

that the two of them were out for a night on the town and met two girls and took them into a dimly lit bar and restaurant to eat. Suddenly one man turned to his friend and whispered... I say, old, boy, would you mind terribly changing dates?

—CT—  
The other one replied, "No, what's the matter with you?"... whereupon the friend answered, "Between the fog, the fog and the smog, I seemed to have picked up an old aunt of mine."... This could be a revolting development... especially if the Pasadena happened to be a happy married man.

—CT—  
Well, January is gone, and we are now entering the "Heart Month" of February... and we now have only 276 shopping days until Christmas. My, I have never seen time fly by so quickly... seems that ever since I reached the ripe old age of 50 that my life has done nothing but head hell bent toward destruction, and all I can do is to hold on for "dear life" for the golden moments that are still left... I suppose that it is like that for most of us in the "twilight years"... and just as things around you become more interesting, too

—CT—  
In closing the column for this week, let me leave you with the following remarks... "It's a strange world: The U.S. Supreme Court has ruled that it is unlawful to require Communists to register as such as heretofore required... Freedom is a great thing... that is what these Communists have vowed to destroy... Yet, we give them every aid and encouragement that is possible."... Can we see the "error of our ways." I hope, I hope, I hope.

### Dr. R. E. Walker Laid To Rest

The death on January 11, of Dr. Robert Edwin Walker, former superintendent of Sierra Madre City Schools from 1958 to 1961 will be mourned by many friends here. Dr. Walker was involved in guidance of the survey which led to uniting with the Pasadena City Schools, and served the area well during this difficult period.

Prior to his time here, Dr. Walker had been Bonita High superintendent 12 years. At the time of his death he was an administrator at the University of Southern California.

While a resident of San Dimas, Dr. Walker was active in the community, became president of the San Dimas Chamber of Commerce and patron of the San Dimas Eastern Star chapter. While he held the Bonita post he was elected president of the Los Angeles County Administrators and Supervisors Association.

Dr. Walker was born March 1, 1910, in Pennsylvania, and was a graduate of Slippery Rock Teachers College, Pennsylvania, with a master's degree from the University of Pennsylvania and a doctorate from USC. He was a teacher, principal and superintendent in the East before coming to California in 1940. He was with the Montebello School system until he moved to San Dimas.

He is survived by his wife, Mrs. La Verne Walker; his brother, John H. Walker of Alexandria, Va.; his mother, Mrs. A. M. Walker of Murrysville, Pa.; and a niece, Mrs. Thomas Simpson of Aspen, Colo.

Services were held at Rose Hills Memorial Park in Whittier.

## Harry L. Embree Post 3208 Celebrates

robot and later a bit actor in Hollywood, some quite famous names were lured to participate in these shows, which are recalled as enormous fun as well as successful sellouts.

Later, as membership in the post grew, dues and club revenue covered needed expenses and the shows were discontinued.

The name of Post No. 3208 was changed to the Harry L. Embree Post shortly after the end of World War II, in 1946. A women's auxiliary for the post began to function, and the organization became a regular participant in civic affairs. In recent time, an outstanding occasion was the dedication on November 17, 1963, of the American flag pole now standing in the center of Sierra Madre in Kersting Court, a project initiated and sponsored by the Sierra Madre News.

The VFW Auxiliary was founded in 1949, with Barbara Heasley first president, an office she has held four times. The women of the auxiliary raise funds by such means as pot-luck suppers and bazaars, which are used for work in veterans' hospital, to help needy veterans' families, and to sponsor community projects. Among these is the Little League Baseball Association, for which the auxiliary has several times purchased uniforms and equipment. At one time the women's group sent clothing to an orphanage in Korea, and now each year receive a Christmas card from there.

Also, at the annual Christmas party for children held at the club, the women provide and serve the refreshments. On Memorial Day the women participate in the memorial services held at the Sierra Madre Cemetery, and decorate veterans' graves with flowers and small flags.

In addition to the many civic and philanthropic activities engaged in by members of the post and the auxiliary, the separate rear meeting room in its club-

house is made available for use by civic and youth groups.

Present officers of the Harry L. Embree Post 3208 of the Veterans of Foreign Wars are: Commander, John Szerzen; senior vice commander, Karl Heimbruch; junior vice commander, Mike Castaneda; judge advocate, Bill Egan; quartermaster, Wally Boyko; chaplain, Jim Vernon; 3 yr. trustee, Bill Underwood; 2 yr. trustee, Art Erickson; 1 yr. trustee, Eugene Colbert.

The twenty-four original charter members were:

Charles L. F. Herbert, Arthur H. Embree, Colin F. Hill, Joseph White Storm, James Cook, Jr., Daniel Hayden Lewis, Adolph W. Johnson, Thomas W. Neale, John Henry Ort, Harry Hudson Holland, Guy F. Scott, Roy H. Pickett, Orren Robert Schearer.

Also Henry B. Hershey, Benjamin Sylvester Stinman, Ralph Victor Koon, William H. Schwartz, Lester Hendrich Layton, Ernest George Everett, Henry Clay Reavis, John M. Masury, William L. Murphy, Thorn L. Mathis and Arthur Stromberg.

Past commanders of the post, most of whose pictures hang on the club walls, are:

Dr. C. L. Herbert, Ernest George Everett, John H. Ort, Arthur H. Embree, Harry H. Holland, Pat West, Roy Davis, William H. Schwartz, Francis Eakman, Roy H. Pickett, Louis Van Iersel, Larry Shepherd, Henry B. Nuetzel, Carl Cul-

lum, Louis La Lone, Eugene Colbert, W. D. Marsh, Joe E. Vernon, Donald Springer, Also William G. Annas, Robert Schmitt, Wally Boyko, and John Szerzen. Those past commanders whose pictures are not on the walls are: Manuel de la Torre, Grover Hudson, Richard Eyre, Arthur J. Erickson, Arthur LaBounty and William F. Eagan.

A parade to celebrate the post's thirtieth anniversary will be held in Sierra Madre in February.

## Delta Gamma Reveals Plans For Spring Benefit

Miss Bower will share with members excerpts of a few of the two million original manuscripts which are housed in the Huntington Library. Most of the letters she will be reading have never been published, and, with Valentine's Day so near, it could be Miss Bower will include love letters.

Following the program, Mrs. Vincent W. Heublein, president, will conduct a short business meeting. Of primary interest to members will be the plans for the Spring Benefit to be held Feb. 28 at the Altadena Town and Country Club.

Co-hostesses for the day will be Mmes. Clarence V. Herndon, Walter C. Hendrix, Robert E. Hall and Walter Garmshausen.

Residents of Sierra Madre will remember Dr. Jackson as superintendent of the Sierra Madre School District during the year 1957-58, he was a very active member of the community, a member of the Sierra Madre Kiwanis Club and resided with his wife, Jewel and their two children, Jon and Randy on Highland Avenue.

## Shakespeare Jr. Play Feb. 5

Hats, hats, hats, in bright spring colors, straw bags and gay printed shifts will be in evidence when the Shakespeare Club Juniors present their "Hat Frolic" on Saturday, Feb. 5, 10:30 to 3:30 at the Shakespeare Club House, 220 S. Los Robles.

Mrs. Arthur Little is in charge of the office and has announced it is open to the public and all proceeds will go toward the Juniors' favorite charities, The Sycamores and Retarded Children's Association of San Gabriel Valley.

A 25-cent donation will provide a chance on a drawing for a hat.

There will be some 400 hats, 200 bags and shifts, all priced at \$4.00, from which to choose. Refreshments will be served in the foyer of Stratford House.

Vice chairmen assisting Mrs. Little are Mmes. Patrick McCabe, Eric Perry, David M. Swift, John Krost and Clark Keefer.

## DAR Presents Second Biennial Music Festival

Santa Anita Chapter, DAR, will present their second biennial American Music Festival on February 20, 2:30 p.m., at the Arts and Lecture Room of the Arcadia Library.

Among the many artists who will be featured at the event, will be W. Alden Webster of Sierra Madre. Mr. Webster began his musical training in Denver, Colorado, at the age of 7. He was a member of the Denver Frederick Neil Innis Boy Scout Band, which won first place in the first world jamboree of Boy Scout Bands in London, England. Later he played in summer concerts with the Sousa Band. He has had radio programs and sacred concerts in 39 states, and his own named Dance Band on NBC-WBAP. He is a former director of music at the R. G. LeTourneau Technical Institute in Longview, Texas, and more recently has been organist for Bethany Church in Sierra Madre.

A world traveler, Mr. Webster is now doing specialty programs and community singing programs, in addition to his work as owner of the Webster General Insurance Agency in Pasadena.

Mr. Webster will play for the community singing portion of the program, which, this year, will feature California history, specifically the 12 flags which have flown over California.

The program will be followed by a silver tea. The public is urged to attend.

Sort of makes you feel snug to hear your own slightly fanatic fondness for Sierra Madre echoed by the newer newcomers. Among these who say "We just love it," are Mr. and Mrs. Reller of 485 E. Highland, with their four year old Terry. They are pleased that we have good theatre, very much enjoyed the Studio Players last weekend.

## Editorially Speaking...

### Keep the Records Straight

Let's try and keep the records straight in the proposed Civic Center, which now seems to be vying for first spot in the minds of the people, and receiving some competition for the top spot with the "Sierra Madre Wash."

Petitions are being circulated in an attempt to place the proposed Civic Center on the ballot for the April 12th City Election. Should the 500 to 600 qualified signatures not be collected in time, then it is possible that a "special" election may be called.

The purpose of placing the issue on the ballot is definitely not a "bond issue," it is a vote of the electorate to find out if they "want a Civic Center."

Your Council has stated many, many times that they will "not attempt to build the Civic Center, and place one red cent of debt on the shoulders of the taxpayers of the city" . . . They must have the money available, or forthcoming before they will start . . . In round figures, they now have, or will have at the end of the 65-66 budget year \$240,000 in the "Capital Improvement Fund" which amount cannot be returned to the General Fund, nor can it be returned to any fund to alleviate the tax rate . . . It must be spent for what it was accumulated during the past ten years to accomplish . . . "Capital Improvements."

This newspaper, certainly does not object to the proposition going to the people on the ballot . . . But we do wonder what it will accomplish. True, it will tell you what those who take time to go to the polls and vote might desire . . . But according to past history only about a third of the registered voters will take the time to vote . . . And did not the people present a petition to the Council with 1055 signatures voicing their objection . . . This was a little less than a fifth of the qualified voters. We are wondering if the vote should find the vote was 2000 "No's" and 1000 "Yes's," just what effect it would have on the development . . . If the money is available that will meet the demands of the bids, we doubt any.

Remembering that your present Councilman were elected by the people to represent the people in their best interests . . . They were given the right by the electorate to administer and spend their money to the best of their ability . . . It was decided by the voters that these men were the best qualified to represent them.

The money in the capital improvement fund has been accumulated for the past ten years for the sole purpose of building a new Civic Center, most of us have known this . . . Regardless of the vote of the people, this Council, if they desire, can start the Civic Center tomorrow.

This newspaper, emphatically states . . . We do need a new Civic Center. We do not necessarily condone its proposed location, nor do we say that all avenues have been explored on the present site . . . But we do stand wholeheartedly on the grounds that . . . no future indebtedness must be imposed on the people to build it.

Should the Council find that NOT sufficient money is available to build the Center at this time . . . The \$240,000 will but lay in its present state for some years to come . . . It will draw interest of maybe 4.58 per cent, this interest will go to the general fund, which has for many years carried its maximum levy.

The only use that we could find that this amount of money could be spent for is: Parks and Recreation for improvement of Parks. To the Police Department for the building of a new jail or quarters. To the Secondary streets and roads for improvements . . . None of which would help to alleviate the tax rate for the years ahead.

Any Capital Improvements in the Flood area will be done from the funds for that purpose. Streets will have their improvement from the Gas Tax Fund; and any Capital Improvement in the Water Department will come from the Water Fund.

Although absolutely no figures are available for the new Civic Center, we think it is safe to estimate that the cost will run in the vicinity of \$350,000 to \$400,000 when complete.

Now, let us see just how close the Council is to this figure . . . And there are any of a half dozen different combinations that could be used, but just for the books here is one . . .

Suppose that the project was started in July, 1966 . . . With \$240,000 in the Fund . . . The 66-67 budget could carry another \$50,000 from the Sales Tax Fund which would give them \$290,000. We will allow them \$65,000 for the sale of the present building and property . . . They now have accumulated \$355,000.

Should the bid on the building of the proposed Civic Center come in at a figure of \$400,000 then we know that sufficient elimination, such as landscaping, furnishings and such could be forestalled for the future that would allow them to proceed without indebtedness . . . And if the building took a full year for completion then they have the 67-68 budget that can be drawn upon.

Yes, they are fairly close . . . How close, no one will know until the final plans are submitted and the final bid is known, but it is close enough that it could be started this year.

To submit the proposition to the voters on the April ballot is fine, again we say it may not do a bit of good . . . But to call a special election and spend \$4,000 to \$5,000 we would earnestly object . . . We would object on the grounds that if signatures of 1055 signers on a petition objecting did no good, then what good would even 2000 No Votes to 1000 Yes votes do, or 3000 No and 100 Yes.

We still say, we do need a new Civic Center, as we are operating in a plant that is costing us many dollars in antiquated methods . . . Many of our meetings are held out of town . . . Our Police Department needs more room . . . We need modernization . . . Whether it be as proposed or not is not our argument . . . Two years from now the cost will be 20 per cent more, and we are close enough to have our city upgraded . . . Be sure what you are voting for or against . . . President Johnson's "dream awhile" peace of fensive in Viet Nam will surely be paid for in additional loss of American lives. Reported information, obtained by U.S. air reconnaissance, substantiates the claim that Russia is installing new type surface-to-air missiles (SAMs) in North Viet Nam. The recent presidential "powder puff" edict to cease bombing enemy targets has supplied the communists (Viet Cong) with that badly needed commodity — time — time for bringing additional Soviet built firepower into South Viet Nam to be used to blast American airmen from the sky!

According to a recent Allen-Scott report: "One crack naval pilot, after outmaneuvering a barrage of SAMs near Hanoi, gave the following illuminating report to a debriefing officer:

"The whammy worked." (A whammy is a counter electronic device perfected to cut down the effectiveness of surface-to-air missiles.) "Those d--- gunners couldn't have hit me if I flew on top of them. What are we waiting for? If Washington would only give us the signal, we could destroy every military target in North Viet Nam within three months, including all their missile sites. This would end the war!"

Continues the naval pilot as quoted in the highly reputable Allen-Scott Report: "Gen. Curtis Le May (retired Air Force head) is correct. We are hitting the wrong targets. We're getting people killed who shouldn't be killed. Fewer persons would be killed on both sides if we could go after the really important military targets in North Viet Nam."

Mr. President, as one of many Americans who firmly stand for total victory, I choose to counsel you. As President, you must be ever aware that you accepted a solemn commitment to the American people and to the sovereignty of this great na-

P.S., Mr. President, why did you mention in your recent "State of the Union" message that you desire to increase trade with Communists? You said we must continue "building bridges to Eastern Europe" and your exact words were: "I will ask Congress for authority to remove the special tariff restrictions which are a barrier to increasing trade between the East and the West." Did you read your own Senate Majority Leader's report in which Senator Mansfield forthrightly stated: "Without exception the Soviet Union, Poland and Romania give full and firm support to the position of Hanoi and the Viet Cong?"

It would appear, Mr. President, that you consider it expedient for the American people to supply communist countries with the essential commodities so that these communist countries can in turn supply Hanoi and the Viet Cong with the military fighting potential to kill Americans. I ask you one simple question, Mr. President! How can you protect American lives by supplying the enemy with weapons to destroy American lives?

## Plans Complete For Guest Night of American Association of University Women, Saturday, Feb. 5

An evening of unusual entertainment and elegant dining is being planned by members of the Arcadia Branch of the American Association of University Women for their annual Guest Night Dinner, to be held on Saturday, February 5, at the La Canada Country Club, according to Mrs. Ray Swanson, branch president.

The Hank Higgins Puffets, the entertainment for the evening, offer something different in comedy for adults. Mr. Higgins has pioneered in the field of puppetry with the invention of his much-in-demand life-sized stringless Puffets. His

six foot, stringless ostrich is world famous. This popular puppeteer was the feature manipulator with the "Les Poupees de Paris" at the Seattle World's Fair, and has since filled that capacity with both the Las Vegas and Hollywood companies have been seen in performances throughout the Los Angeles area and on television, most recently on the Steve Allen Show.

"This 'Zippety Zoo' is a delightful blend of cartoon-like characters and the sparkling beauty of never-never land," says Mrs. Frank Thomas, branch vice president in charge of programs. "We are anticipating

a captivating evening."

Mrs. Edward O. Sampson and her committee are designing the decorations for this special social evening, carrying out the puppet theme. Each table will be numbered to aid guests in finding their places easily. The foot high numbers, formed from wire and covered with frilly gold net, will serve as a perch for several small finger puppets. Members and guests seated at the head table will have the company of large fanciful and friendly puppets with dangling legs.

The "Social Hour" will begin at 7 p.m. Dinner will be served promptly at 8.
